LAW ENFORCEMENT SERVICES TO KEEP
NORTH DAKOTA SAFE AND SECURE.

NDHP OVERVIEW 2021

Colonel Brandon Solberg

The North Dakota Highway Patrol (NDHP) is comprised of two components: field operations and administration. Field operations includes four geographic regions and motor carrier operations. Administration includes finance, safety and education, support services, human resources, and the North Dakota Law Enforcement Training Academy (LETA).

The LETA provides basic and advanced training to law enforcement officers. 634 employees from local, state, tribal, and federal agencies attended training in 2021, and 96 of

those graduated from basic training to become newly licensed peace officers in North Dakota.

A variety of specialized assignments and programs contribute to the highway patrol's success including canine officers, crash technicians and reconstructionists, emergency response team members, drug recognition experts, an aircraft section, and a motor carrier safety assistance program.

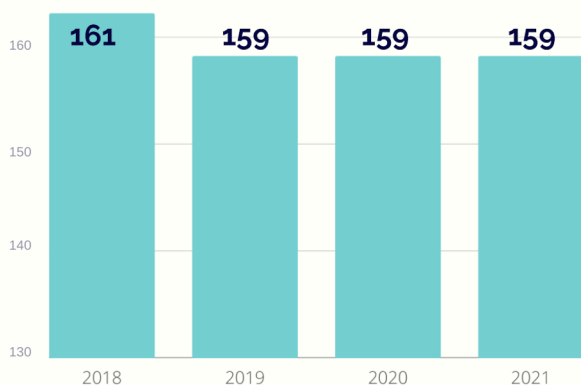

State troopers work diligently to eliminate injuries and fatalities that result from traffic crashes, and the NDHP is a primary sponsor of the Vision Zero initiative. Core areas of enforcement include impaired and distracted driving, right-of-way and speed violations, and occupant protection. Troopers enforce all criminal laws, protect highway infrastructure, and conduct commercial motor vehicle safety inspections.

NDHP employees focus on prevention and education efforts to improve driving behavior. In 2021, the NDHP provided 295 safety presentations to a variety of public and private entities.

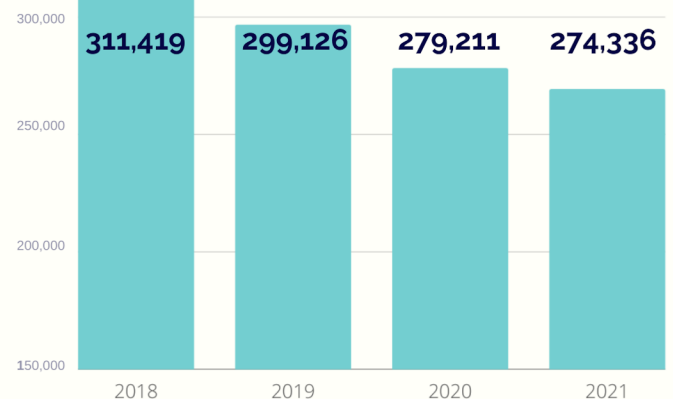

The NDHP is committed to fulfilling our public safety mission and providing professional law enforcement services to North Dakota citizens and the motoring public. Our employees value and respect the trust and authority that society has placed in us.
